

## LUNCHEON TO THE PRESS

**Managers of the Louisiana and Texas Rice Kitchen Were the Hosts.**

A luncheon to press representatives was given yesterday at noon at the Louisiana and Texas Rice Kitchen at the Pan-American Exposition grounds.

This kitchen was established at a cost of \$10,000 to educate people in the cooking of rice and thereby increase the consumption of that cereal.

Two fancy rice dishes, Gumbo File and Rice a la Valenciana, cooked especially for the occasion, were greatly enjoyed.

The proper and different ways to cook rice are demonstrated daily here by an expert. No admission is charged.
